Therapy Technician (TT)

Employment Type: Full-Time or Part-Time

Start Date: Open Until Filled

About Us

The Children's Specialty Clinic of the San Luis Valley (CSCSLV) is a nonprofit, led by a pediatrician and supported by volunteer board members including parents, specialists, and community advocates, with a mission to create a unique, multidisciplinary clinic that brings specialty care to children with complex medical and behavioral needs in the San Luis Valley. We are proud to be an employer who genuinely cares about the well-being of our team and is deeply rooted in a passion for serving children, believing that flexibility, respect, and understanding empower our employees to do their best work for the families we serve.

About the Role

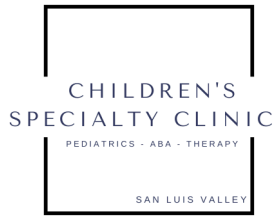

The Therapy Technician provides one-on-one, play-based therapy to children, helping build communication, daily living, and social-emotional skills. You'll work closely with a team of specialists (ABA, OT, Speech, PT, and Mental Health) to turn everyday interactions into meaningful progress for each child.

What You'll Do

- Deliver individualized therapy using ABA and multidisciplinary strategies
- Support children with behavioral and developmental needs in a play-based setting
- Follow treatment plans and behavior strategies from clinical supervisors
- Track data and complete session notes in a timely, accurate manner
- Collaborate with a supportive, hands-on therapy team

What We're Looking For

- 18+ with high school diploma (or equivalent)
- Selected candidate must complete a 40-hour RBT certification course and exam before starting
- Comfortable working with children with behavioral challenges
- Patient, flexible, and open to real-time coaching and feedback

10 Rupert Street
Monte Vista, CO, 81144
Phone: 719-852-3742
Fax: 719-852-2559

Preferred Qualifications

- Active Registered Behavior Technician certification in good standing with the BACB
- Strong knowledge of ABA principles, behavior assessment, and evidence-based interventions
- Experience providing ABA services to children
- Experience working with individuals with autism and other developmental or behavioral disabilities
- Experience developing and implementing behavior intervention plans in clinic, school, or home settings
- Familiarity with Medicaid documentation requirements
- Bilingual or multilingual skills

Why Join Us

- \$20–\$22/hour (based on experience)
- Health stipend & PTO (full-time eligible)
- Hands-on training across ABA, OT, Speech, PT, and mental health
- Growth opportunities in a unique multidisciplinary clinic
- Meaningful work making a direct impact on children and families
